

911 on the Block

There is much to say about in the right place at the right time. 911 will forever be etched in our hearts because we realize "Doc on the Block" truly made a difference for one resident that followed through and stopped for services and formation. The patient's blood pressure was so high the decision was made to refer the patient to Urgent Care for immediate treatment....after a few hours of heart testing, the patient was released with two medications and follow up care with Integrated Health Network (IHN). www.stlouisihn.org Ms. Monique Gilliam from IHN was on the block providing financial information and programs the facilities offer. Let's not think about what could have happened. This is one reason Restoration ASAP want to come to where you live. With prayer and medical screenings, our goal is to bring an awareness as it relates to your spiritual and physical health and shed light on the hidden danger you may not know is present.

Sitting is Jaqcqueline Ewell, R.N. and is Julia Woods, R.N. Both are to be commended for saving a life...on the block!

"He sent out His Word and Heal them..."Psalms 107:20

A Life Saved

Free Medical Screenings

The rain did not stop what happened on the Belt Ave.

Jacqueline Ewell, RN is the Director of the Health Unit at Friendly Temple MB Church and is affiliated with Faith Based Community Organizations in St Louis City/County. She was more than willing to lend her skills to Doc on the Block. Her passion for others is paramount. All you need do is speak to her about healthy living and she will go the extra mile to meet the need. The team she brought with her provided free HIV testing and medical screenings on the block. Julia Woods, RN is soft spoken but, her services and commitment speak volumes when it comes to helping a community with basic needs. Julia is a nurse caring for our children in our Public Schools. From the beginning, when asked to help...Julia said, "when and where"...you can not find a finer team of health care professionals concerned about you.

THE WORD IS OUT!

One young lady stopped on the block, indicated she started work and need shots in order to continue employment...she received the immunizations needed to keep her job from a referral obtained from her visit!

20 days prior to "Doc on the Block", we assisted with doctors visits, copays, and provided money to pay for medications. As you can see the need is great and 09/11/10 was only the first outing for the free services. Donated funds for "Blessed Insurance" Doc on the Block, 100% are meeting needs of those who can not afford it. We are finding health care needs are placing last on the to do lists. We want our communities healthy, we need your help and your skills.

"I'm glad I could help out on the block!"

"More than simply a test"

Free HIV Testing

Chardail Samuel, LCSW is an Education & Outreach Coordinator and was solo on the block. Her team was at a major medical screening event held in Forest Park on 9/11. She understood what Restoration ASAP was committed to do and caught the vision to bring awareness and free services to our communities block by block.

Straight talk is what the community heard from Chardail. Those receiving free testing were in good hands as she communicated what her organization offer is far more than simply a test. For example, if an outcome is positive, for HIV/Aids...the services for follow up care includes assistance ranging from housing to medications. No reason not to be tested...it provides peace of mind in knowing help is available. The services her organization provided were amazing and we thank Chardail for the compassion she provides our communities. For more information, comments, free testing, or how you can help, call ASAP.

Per Chardail..."it was a productive day!"

I lay my heart on the altar
 as I seek to please God
 and serve the community.
 My goal and my desire...
 see the people of God
 rest in Him as He provide
 His Promises

through His Word and services to Build Lives... through Restoration ASAP Ministries Inc, The Truth Speaks Series, Doc on the Block, and Medical Missions. Before any event you will find me on my knees in order to receive wisdom, direction, and favor as we go forth in the name of Jesus. There are so many people living beneath what God has provided through His Son. We want to communicate; we are an extension of God's Love and Hands...the foundation of Restoration ASAP.

Haiti Update

Additional trips to Haiti are forthcoming; Dr. Jain was in Haiti April 2010 and represented Doc on the Block well. Intercessors, Physicians, Nurses, Dentists, and Medical Affiliations are welcome to join us.

Two Intercessors joined us on the block...Brenda Young (in blue) and Josinete Moraes. We co-labor as Intercessors at Friendly Temple. Our Pastor is Michael Jones, Sr. Pastor.

Brenda's affiliations include Prayer Force, National Day and Global Move of Prayer, and World Trumpet Ministries to name a few.

Josinete...prays with IHOP (International House of Prayer), Committee Member/Intercessor with Global Move of Prayer, and her heart is tied to her Global Ministry, Jesus Christ The Lord of All Nations, Brasil Salvador City.

Restoration ASAP is committed. Help us as much and as often as you can...to "Take Jesus Christ To The Streets!"
